

MIND OVER MATTER

Selecting Identity Method (SIMPLE) can be used to become successful, wealthy, healthy, to lose weight, get smarter or whatever you want, overnight. With this method you simply select the identity that encompasses any goals you wish to achieve.

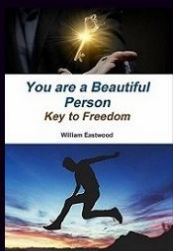

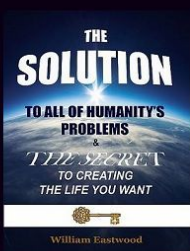

The SIMPLE method activates a magical internal process that when applied correctly generates synchronistic events. It is based on the Many-worlds Interpretation of quantum mechanics which is hugely popular among physicists.

If you say to a person adopting an identity, "you're not that person, how can you just decide to be something and not do anything and expect it to work?" then you have no idea how the universe works.

You can choose Darwin's Evolution, a religion, or take the third option: This is the third option.
